How are Fast&Free orders shipped?

We utilize the **Sri Lanka Post Office** as our carrier for Fast Reliable Delivery. If you wish to receive your package sooner, we use the courier company **ARAMEX** (www.aramex.com). At checkout, please select the courier option and re-calculate delivery charges. Packages are delivered within 5 working days. Please note: if you check this box, your order will no longer qualify for Free Delivery.

What else should I know?

Business Days are Monday through Friday, excluding holidays observed by the Post Office and ARAMEX, such as New Year's Day, Vesak, May Day and Christmas.

Delivery times are not guaranteed. However, orders that qualify for FAST&FREE DELIVERY usually arrive within 14 days, before 7 pm local time. Sometimes the availability of the items in your order may change while we are processing your order. In this event, you will receive an email notifying you of a delay, and the remaining eligible items in your order will be shipped as scheduled.

Our delivery partners reserve the right to require signatures for the delivery of certain packages.
